

HP London Rosin Oil

Manufacturer: Mobile Rosin Oil Company
Classification: Decarboxylated rosin oil tackifier
Chemical Composition: Decarboxylated rosin oil

Specification Properties	Value
Acid Number	65-85
Moisture, %	1.0 maximum
Viscosity (Gardner Tube)	Z ₂ - Z ₆
Typical Properties	Value
Physical Form	Amber sweet smelling viscous liquid
Specific Gravity @25 °C	0.98-1.01

> APPLICATIONS

Similar to Kidney rosin oil but lower in viscosity. Mainly used in metal working lubricants.

> PACKAGING AND STORAGE

Packaging: 55 gal. (450 lb.) drums.

Shelf Life: 4+years from date of manufacture if stored as indicated below.

Storage: Store in original packaging in a cool dry place. Storing materials above 250°F will cause gradual decarboxylation. of the product.

Specification Date: February 25, 2011 (Supersedes October 6, 1994)
